April 30, 2025

**IFB 3183**

**MILLING, RESURFACING, SEALCOATING, PAVING, AND STRIPING OF ROADWAYS AND PARKING LOTS - CHARLES W. DAY CAREER AND TECHNICAL EDUCATION CENTER**

Addendum #1

As clarifications to verbal discussions and questions during the pre-bid meeting held on April 24, 2025, please note the following:

1. Reference section III. "Scope of Work" Page 4 of the IFB Item 3. "Bus Loop" –
  - Contractor to include repainting of existing yellow curb at the front of the school.
2. Reference section III. "Scope of Work" Page 4 of the IFB Item 4. "Staff Parking Lot –
  - Existing accessible parking area to be eradicated (covered by sealcoat) and area to be restriped with maximum number of 9' wide parking spaces.
3. Reference section III. "Scope of Work" Page 4 of the IFB Item 6. "Ferndale Drive Shoulder"
  - Revise description to read: *"Existing Gravel shoulder. Sawcut existing pavement edge for entire length. Remove existing stone and soil and **over excavate as necessary to provide new minimum 8" compacted stone subbase** for a new standard duty pavement section 8' wide for the length indicated in Exhibit #1. Ensure slope of new pavement allows drainage preferably towards the perimeter fence."*
  - Stripe entire length of shoulder with new 20 foot long parallel parking spaces.
4. General – All spoils resulting from new work shall be hauled off and disposed of by the successful bidder.
