

Transportation

We Are One #RCPS Proud

Original Recommendations

Transportation Recommendations

- Adjust the start and end times for some schools
- Realign our elementary schools geographically
- Transportation change for afterschool care programs
- Transportation change for PLATO
- Transportation change for STEAM
- Transportation change for Noel C. Taylor Academy
- Enforce walking zones

These recommendations are contingent upon the following:

- Zum's ability to hire and retain drivers
- Zum's technology platform will find additional efficiencies
- Bus manufacturing timelines do not change for the delivery of new buses
- Industry experience and safety in tier time spacing
- Distance adjustments to reduce empty miles traveled and gain efficiencies
- Greater opportunities for routes to be completed within the time allotment
- No recommendation to cancel any educational programs
- Knowledge that we made adjustments within the capabilities of RCPS
- Budget constraints that prevent RCPS from continuing with 163 EverDriven Students
- Budget constraints that require RCPS to limit or eliminate afterschool supervision costs

Alternate Recommendations

- **STEAM** - We will establish "Alternate Services Routes" to provide transportation aligned with our current family responsibility zones not to exceed one mile in accordance with RCPS Parent Handbook and the Code of Virginia, Sections 22.1-221, 22.1-176, and 22.1-176.2.
 - **PLATO** – We will establish "Alternate Services Routes" to provide transportation aligned with our current family responsibility zones not to exceed one mile in accordance with RCPS Parent Handbook and the Code of Virginia, Sections 22.1-221, 22.1-176, and 22.1-176.2.
 - **Noel C. Taylor** - We will establish "Alternate Services Routes" to provide transportation aligned with our current family responsibility zones not to exceed one mile in accordance with RCPS Parent Handbook and the Code of Virginia, Sections 22.1-221, 22.1-176, and 22.1-176.2.
